

Bring  
Yum  
to the  
table.

We're Albie's, and we bake small-batch,  
flavor-packed food that kids love.

#### Big on taste

At Albie's, flavor has always led the way. Our newest calzone is a delicious and original take on a grilled cheese sandwich! Introducing our Turkey Ham & Cheese Calzone.

And because we're always listening, we're also introducing our Philly Cheesesteak, Cheeseburger, and Enchilada Empanada Calzones, based on regional popular demand.

#### Hand-crafted in small batches

From the whole beef and all-natural spices in our Philly Cheesesteak Calzone to the premium chicken in our Enchilada Empanada Calzone, we're all about authentic flavor experiences—and keeping sodium levels low in the process.

our newly  
launched lunch  
calzones!

#### Safe for schools

Albie's individually wrapped products and bulk packaging provide operational flexibility when serving your students. Our individually wrapped options reduce manual touches for an added health and safety benefit, and the serving options include:

- Satellite feeding
- In-class or outside of class
- After-school snacks
- Take-home meals when administering the National Supper Program
